Description

Capgemini Recruitment 2023

We are seeking a highly experienced and skilled Technology Officer to join our dynamic team at Capgemini, a global leader in consulting, technology services, and digital transformation. As a Technology Officer, you will be responsible for leading a team of technologists in the development and implementation of innovative IT solutions for our clients. You will work closely with our clients to understand their business needs and objectives, and then design and implement solutions that meet those needs. You will also be responsible for managing the ongoing operation and maintenance of these solutions.
