Description

Front End Web Developer

Infosys is seeking a passionate and talented Front-End Developer (Fresher) to join our growing team. In this role, you will play a vital part in crafting user-centric and visually appealing web interfaces that deliver exceptional user experiences. You will collaborate closely with designers, back-end developers, and other team members to design, develop, and maintain high-quality web applications.

Infosys Careers

Responsibilities:

- Develop and maintain user-friendly, interactive, and responsive web interfaces using HTML5, CSS3, and JavaScript.
- Collaborate with designers to translate design mockups into functional front-end code.
- Implement accessibility best practices to ensure our applications are inclusive for all users.
- Participate in code reviews and contribute to a collaborative development environment.
- Stay up-to-date with the latest trends and technologies in front-end development.
