Description

Junior Developer Post In Infosys

As a Junior Developer at Infosys, you'll embark on a rewarding journey into the world of software development. You'll collaborate with experienced professionals, gain valuable hands-on experience, and contribute to cutting-edge projects that impact global clients. We're seeking a passionate and eager learner who thrives in a collaborative environment and is ready to take their initial steps towards a fulfilling career in technology.

Infosys Careers

Responsibilities:

- Write clean, efficient, and well-documented code under the guidance of senior developers.
- Participate in code reviews, actively learn from feedback, and continuously refine your coding skills.
- Conduct unit testing and contribute to automated testing efforts as your skills progress.
- Work on assigned tasks within projects, demonstrating a commitment to quality and deadlines.
- Stay updated on emerging technologies and trends in your chosen domain (software engineering, AI/ML, cloud computing, etc.).
- Proactively seek opportunities to learn new skills and expand your knowledge base.
