Description

Mulesoft Developer

Infosys is seeking a talented and enthusiastic Mulesoft Developer to join our growing team! As a Mulesoft Developer, you will play a key role in designing, developing, and implementing integration solutions using the MuleSoft Anypoint Platform. You will be responsible for working closely with business analysts, architects, and other developers to ensure seamless integration between various applications and systems.

(adsbygoogle = window.adsbygoogle || []).push({});

Infosys Careers

Responsibilities:

- Design and develop Mule applications using Mule ESB, APIkit, and other Anypoint Platform components
- Build and maintain reusable integration flows and connectors
- Conduct unit and integration testing to ensure the quality and functionality of integrations
- Collaborate with technical and business stakeholders to understand integration requirements
- Document integration solutions clearly and concisely
