Description

Sun Pharma Recruitment 2024

As a Medical Researcher, you'll be responsible for conducting in-depth research on a variety of therapeutic areas. You'll analyze data, identify trends, and generate reports to support the development of new medicines. Your work will be instrumental in shaping Sun Pharma's future product pipeline and ultimately, in improving patient outcomes.

Sun Pharma Jobs Near Me

Responsibilities:

- Conduct comprehensive literature reviews to stay abreast of the latest scientific advancements in your designated therapeutic area.
- Analyze clinical trial data, pre-clinical data, and other relevant information to assess the potential of new drug candidates.
- Prepare detailed reports summarizing research findings and recommendations for further development.
- Participate in research discussions and brainstorming sessions, contributing your insights and expertise.
- Maintain accurate and up-to-date research documentation.
- Collaborate effectively with cross-functional teams, including scientists, clinicians, and regulatory affairs specialists.
- Stay informed of regulatory requirements and ensure all research activities comply with relevant guidelines.
