Unacademy Careers

Responsibilities:

- Develop and deliver comprehensive, concept-driven lectures through engaging video lessons.
- Design and implement effective teaching methodologies to cater to various learning styles.
- Create and curate study materials, including notes, quizzes, and practice papers, to enhance student understanding.
- Regularly update and refine content to stay abreast of the latest trends and syllabus changes.
- Foster a positive and interactive learning environment through live sessions and Q&A forums.
- Provide personalized guidance and mentorship to students to address their queries and concerns.
- Analyze student performance data and feedback to continuously improve

your teaching methods.
- Build strong relationships with students and create a supportive learning community.
