Description

Wipro Recruitment 2023-24

Wipro, a leading global IT services company, is seeking a passionate and skilled Front-End Developer to join our team. As a Front-End Developer, you will play a key role in designing, developing, and maintaining high-quality, user-friendly web applications. You will be responsible for creating responsive and engaging user interfaces, implementing front-end technologies, and ensuring thecompatibility of web applications across various browsers and devices.

Wipro Jobs Near Me

Responsibilities:

- Design, develop, and maintain user interfaces for web applications using HTML, CSS, and JavaScript
- Implement front-end frameworks such as React, Angular, or Vue.js to build complex and scalable web applications
- Collaborate with back-end developers to ensure seamless integration and data exchange between the front-end and back-end
- Write clean, maintainable, and well-documented code that adheres to industry best practices
- Conduct thorough testing to ensure the functionality, performance, and accessibility of web applications
- Stay up-to-date on the latest front-end technologies, trends, and best practices

Wipro Careers

Skills:

- Strong understanding of HTML, CSS, and JavaScript
- Expertise in at least one front-end framework such as React, Angular, or Vue.js
- Experience with responsive design and cross-browser compatibility
- Proficient in using version control systems like Git
- Excellent communication and collaboration skills
- Ability to work independently and as part of a team
